Leindon Reimoh Dilan

"Web Developer with 1+ year of full-stack experience, proficient in HTML5, CSS3, JavaScript (ES6), React.js, Node.js, and databases. Strong problem-solving skills and customer service background. Passionate about building efficient, user-centric web solutions and eager to contribute to a dynamic development team."

Experience

Full-Stack Web Developer | Mint Center for Language Acquisition
06/2023 - 07/2024

- Worked on **two major projects**: an e-learning platform and a Human Resource Information System (HRIS).

E-Learning Platform

- Mastered Next.js, GitLab, and WinSCP within the first month.
- Debugged complex issues, re-engineered front-end components, and remodeled database tables.
- Collaborated with UI/UX designers and the writing team to improve usability and content alignment.
- Managed updates and deployments on both test and live servers via WinSCP.

HRIS Project

- Set up and led development of the entire stack using Next.js with serverless MongoDB.
- Built and maintained CRUD API functionalities for streamlined data operations.
- Took initiative on project setup and was offered to manage team.

Customer Service Representative | SITEL
06/2021 - 02/2022

- Supported customers by handling inquiries and resolving technical and service-related issues with clarity and professionalism.
- Diagnosed and provided effective solutions for product inquiries, ensuring a high level of customer satisfaction.

Customer Service Representative | Teleperformance
11/25/2019 – 06/11/2020

- Assisted hearing-impaired customers by transcribing conversations, in order to facilitate clear dialogue and address inquiries.
