Leindon Reimoh Dilan

"Web Developer with over a year of experience in full-stack development, creating efficient, user-focused web solutions. Strong problem-solving abilities, customer service background, and excellent communication skills. Looking to leverage technical expertise in a forward-thinking IT environment."

Experience

Web Developer | Mint Center for Language Acquisition
06/2023 - 07/2024

• Developed new pages and features to integrate seamlessly with existing systems, enhancing website functionality and user experience.
• Troubleshot and resolved complex bugs, improving performance and usability.
• Re-engineered components based on project requirements and client feedback, leading to better performance and maintainability.
• Oversaw updates and deployments on test and live servers, ensuring consistent performance and reliability.

•Spearheaded the design and development of an HRIS by coding front-end and back-end components, including CRUD API functionalities for robust data management.

Customer Service Representative| SITEL
06/2021 - 02/2022

• Supported customers by handling inquiries and resolving technical and service-related issues with clarity and professionalism.
• Diagnosed and provided effective solutions for product inquiries, ensuring a high level of customer satisfaction.

Customer Service Representative | Teleperformance
11/25/2019 – 06/11/2020

• Assisted hearing-impaired customers by transcribing conversations, in order to facilitate clear dialogue and address inquiries.
